

TEST PLAN

Overview:

Test the functionality of 'Duel Duo' bot game

Links

- <http://localhost:3000>

Test Criteria:

- Make sure buttons work: 'See all bots', 'Draw', 'Duel'
- Robot cards should display with health and attack details
- Robots should not contain health or attacks of 0 value
- Draw button should return 5 cards for player to select 2 cards from
- If player attempts to select more than 2 cards, a pop up should appear clarifying no more than 2 cards can be selected
- Player should be able to remove a bot/s from bots selected prior to clicking 'Draw'
- When Duel button is selected, the player with the sum of both robot's health and attack damage should win
- Wins and losses should be added up correctly based on wins or losses after each turn
- Reloading the page should reset wins and losses

Entry Criteria:
